(2) Name _____ AU Email Address _____

1. Please indicate any and all computer and math classes you have taken:

Course	Instructor	Final Grade

2. Please rate the extent of your computer experience on a scale of 1-5 (1 being an amateur, 5 being an expert). Also, please list any programs you are familiar with – ranked in order of proficiency.

3. List the number of weekly hours you will be able to work for A.S. Tech. if you are hired: _____

4. What semester do you anticipate graduating? Include both the month and year. _____

5. Describe your current and anticipated involvement in clubs, organizations, and part-time employment. Also, please describe any leadership roles held:

6. Why are you interested in this position, and why do you feel that you are a good candidate?

Please note: You DO NOT have to have had previous experience with web design or maintenance. We will teach you everything you need to know; HOWEVER, preference will be given to those with some working knowledge. We are currently (month of April 2017) looking for an AsTech assistant to work between 10 and 15 hours a week for the remainder of this academic year and continually through their college career. This position starts out as an assistant position with the opportunity to advance into a leadership role. We specifically would like hire an Auburn University Freshman, but might consider the right sophomore. Once a completed application is on file we will contact you for an interview.

We hope to hear from you soon!
