

Planning for \_\_\_\_\_

A. You have a test in the future. How many hours per week do you need to study for it?

Estimate of hours: \_\_\_\_\_

This estimate may change as you get into material and find you need more or less time.

B. Work out a schedule from now to test time to put in necessary hours. Spread out the study hours. What will you study for each time? Be sure to place a ✓ when you are done.

	Day 1	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7
Study Hours Week 1							
What I will study							
Examples for study options: Topics, Concepts, Chapters, Definitions, Timelines, etc.							

Planning for \_\_\_\_\_

A. Repeat this per week. ✓ by the hour when you have finished studying.

	Day 1	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7
Study Hours Week 2							
What I will study							

	Day 1	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7
Study Hours Week 3							
What I will study							

B. Consider what worked well. Jot down notes that will help you prepare for another test in the future.
