“I love [my Peer Tutor]!!! She was very good about making sure that you know what you’re talking about but still supports an environment where it’s okay to not know!”

“[The Peer Tutor] provided a very informative and helpful tutoring experience. His knowledge on the topic at hand was extremely helpful with understanding the material I was having a hard time with, even working through some of the problems with me step by step in a way that made it so that I was not just taking in information, but also applying it.”

“[The Peer Tutor] was extremely helpful and gave tips on how to approach problems in an easier way! I definitely feel a lot more confident in sections I wasn’t as confident with before!”
